

# NON-STANDARD PRICE GUIDE FOR EE SMALL BUSINESS

More information about out-of-bundle charges for our small  
business customers

---

## Points to note

### UK VAT

**As of October 2012** VAT is charged at 20%. If the rate is increased the amount that you pay will automatically be increased by an equivalent amount (meaning that the amount in the inc. VAT column of our charges table will be revised upwards to reflect the rate increase). On the bill, for pay monthly customers the charge for each call is rounded to the nearest tenth of a penny. The total of each of the subcategories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. Customers should look at the travelling section within this document for the minimum call charge for travelling calls.

### EU Roaming Regulations 15<sup>th</sup> June 2017

**From 15 June 2017**, customers on eligible plans will be able to use their minutes, texts and data at no extra cost when roaming in the EU/EEA if they have roaming activated on their account. Data fair usage policy may apply, see plan details and Terms and Conditions section of the EE Standard Price Guide for more information.

Charges are per Connection per month. Plans with Unlimited UK minutes and UK Texts plus data included within them can be used as Shared Plans to share the data allowance unless otherwise specified. On plans that have UK and European allowances, the data allowance can be shared while roaming in the specified countries. Minutes and texts cannot be shared.

Details of all of European countries included for both roaming and International Direct Dial (calling abroad from the UK) are listed in this price guide.

### Annual Price Increases

**From 1<sup>st</sup> of September 2020**, (unless otherwise stated), your eligible add-ons and eligible out of bundle charges will increase (rounded up to the nearest whole pence) on or after 31st March every year by the Consumer Price Index rate of inflation published in January that year, plus 3.9%. This excludes add to plan accessories and device insurance. See [ee.co.uk/increase](http://ee.co.uk/increase) for details. Please note the cost of other services you take from us may increase or decrease while you're an EE customer.

## Notes on UK calling

Unless we tell you otherwise, all charges for UK calls are for calls made or received within the UK only.

Calls within the UK only are calls made or received in either England, Wales, Scotland or Northern Ireland.

As you'll know, the Channel Islands and the Isle of Man are not part of the UK. That means that, although customers of networks there will have a telephone number starting with 01, 02, 03 or 07, calls to those numbers from the UK will be charged as an IDD call (International Direct Dial)

## What's a UK landline or a local/national call?

This is a call made within the UK to a UK number beginning with 01, 02 or 03.

## What's a UK mobile call?

This is a call made within the UK to a mobile number allocated to the national UK GSM cellular network operators and many of the mobile virtual network operators ('MVNOs'). There are some newer networks who have a telephone number starting with 07 but which aren't treated as a UK mobile call for the purpose of inclusive allowances. Once we become aware of these newer networks and their number ranges we'll try to make sure that calls to those numbers are included in your allowance. This may not always be possible and at the moment there are 13 number ranges that are not included in your allowance. These include: 079112, 078920, 078931.079788, 077211, 077856, 075594, 074088, 074067, 074187, 074189, 074182, 074409. That means that if you call one of those numbers, that call won't come out of your inclusive allowance and you'll be charged your price plan's rate for a call to a UK mobile. As networks like these change from time to time, please contact us if you would like to check a particular number before dialling it from your EE phone. Personal numbers that begin with 070, are not included in allowances.

## Call Return

You can return a call directly from your voicemail just by selecting '#' once you've finished listening to a voicemail message.

Roaming rates apply when accessing your voicemail service whilst abroad. Standard rates apply when using Call Return whilst abroad.

## Call Divert

Call divert is a feature which lets you divert your incoming calls to a different number. Calls diverted from your number are included in your allowances where the diverted to number would have ordinarily been included in your allowance. Standard call rates apply to calls diverted to outside of allowance calls.

## Calling into CS

You can call into our Customer Services by dialling 150 from your handset or From a UK landline - call 0845 412 5000 (When calling this number from your EE mobile you will be charged EE's Access

---

Charge of 46p per minute plus a service charge of 6p per minute (excl. VAT). When calling from a landline you will be charged this service charge plus the applicable access charge. If you're calling from abroad call +44 7953 966 150.

### Group Voice Messaging

Send one voicemail message to up to 20 EE friends at once.

### EE Group Call

EE Group Call is a conference call hosting service that enables up to 20 callers to conference in to one call.

The group organiser will need to choose a conference ID. This can be any 6 digit number, for improved security we suggest avoiding numbers like 111111 or 123456. Conference ID's can be longer than 6 digits if desired. Participants dial into EE Group call at the agreed date and time of the call and enter the conference ID when prompted.

## Daily Add-ons for Roaming

### World Select Talk & Text

Get unlimited calls and texts whilst abroad in our World Select Zone for £5.23/day.

Our World Select Zone includes USA, Canada, Turkey, Australia and the UAE.

You will only be charged for the days you make or receive calls or send a text.

Covers all calls and texts to standard UK and World Select Zone landline and mobile numbers.

Premium rate numbers and other non-geographic numbers are not included in this offer.

Daily is from midnight to midnight local time to the country you are in.

Sign up in the UK or once you are abroad.

Sign up by text, online, in-store or by calling Customer Services.

Once opted in, automatically works whenever you make or receive calls or send a text whilst you're in a World Select country.

### Travel Data Pass

Get a massive 500MB of data a day whilst abroad for a fixed price per day:

£4.18 a day in the USA and Canada

£5.23 a day in 9 other countries: Australia, China, India, Mexico, New Zealand, South Africa, Thailand, Turkey & UAE.

You'll only be charged on days you use data abroad in an included country.

Travel Data Pass comes with 500MB of full-speed data each day, with 4G where available. That's equivalent to a 15GB monthly plan! That gives you hours of maps usage, loads of emails and hundreds of social media photo uploads.

It's impossible to go over your data limit thanks to our data cap. If you use up your 500MB a day we'll let you know, and we'll ask if you want to buy more. Meaning you'll never get an unexpected bill.

Once you opt in, it automatically works each and every time you use mobile data abroad in an included country, so there's no need to opt out and opt back in again each time you travel.

Remember that your phone will use data if you have apps on it that automatically update in the background and this will trigger the daily charge.

Daily is from midnight to midnight UK time.

To remove Travel Data Pass from your account, text STOP TRAVEL to 150.

Travel Data Pass is not currently available to customers on 4GEE plans and Max Plans or mobile broadband/Mobile Wi-Fi plans.
