

NON-STANDARD PRICE GUIDE FOR EE SMALL BUSINESS

Price for additional out-of-bundle calls & texts that are not included in your price plan and the add-ons you can buy to avoid these charges.

Points to note

UK VAT

As of October 2012, VAT is charged at 20%. If the rate is increased the amount that you pay will automatically be increased by an equivalent amount (meaning that the amount in the inc. VAT column of our charges table will be revised upwards to reflect the rate increase). On the bill, for pay monthly customers the charge for each call is rounded to the nearest tenth of a penny. The total of each of the subcategories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. Customers should look at the travelling section within this document for the minimum call charge for travelling calls.

Annual Price Increases

If you joined or upgraded prior to 2nd of September 2024, (unless otherwise stated), your eligible add-ons and eligible out of bundle charges will increase (rounded up to the nearest whole pence) on or after 31st March every year by the Consumer Price Index rate of inflation published in January that year, plus 3.9%.

If you joined or upgraded from 2nd of September 2024 all out of bundle charges will increase on 31st March every year by 5%.

Please note the cost of other services you take from us may increase or decrease while you're an EE customer. Add to plan accessories and device insurance are excluded from the above increases.

The following prices will **NOT** increase each year either by the Consumer Price Index rate of inflation published in January plus 3.9% or by 5% (although these prices may increase from time to time):

- Service Charges.
- International operator assistance (155)
- Speaking clock (123)

Notes on UK calling

Unless we tell you otherwise, all charges for UK calls are for calls made or received within the UK only.

Calls within the UK only are calls made or received in either England, Wales, Scotland or Northern Ireland.

As you'll know, the Channel Islands and the Isle of Man are not part of the UK. That means that, although customers of networks there will have a telephone number starting with 01, 02, 03 or 07, calls to those numbers from the UK will be charged as an IDD call (International Direct Dial)

What's a UK landline or a local/national call?

This is a call made within the UK to a UK number beginning with 01, 02 or 03.

What's a UK mobile call?

This is a call made within the UK to a mobile number allocated to the national UK GSM cellular network operators and many of the mobile virtual network operators ('MVNOs'). There are some newer networks who have a telephone number starting with 07 but which aren't treated as a UK mobile call for the purpose of inclusive allowances. Once we become aware of these newer networks and their number ranges, we'll try to make sure that calls to those numbers are included in your allowance. This may not always be possible and at the moment there are 13 number ranges that are not included in your allowance. These include: 079112, 078920, 078931, 079788, 077211, 077856, 075594, 074088, 074067, 074187, 074189, 074182, 074409. That means that if you call one of those numbers, that call won't come out of your inclusive allowance, and you'll be charged your price plan's rate for a call to a UK mobile. As networks like these change from time to time, please contact us if you would like to check a particular number before dialling it from your EE phone. Personal numbers that begin with 070, are not included in allowances.

Call Return

You can return a call directly from your voicemail just by selecting '#' once you've finished listening to a voicemail message.

Roaming rates apply when accessing your voicemail service whilst abroad. Standard rates apply when using Call Return whilst abroad.

Call Divert

Call divert is a feature which lets you divert your incoming calls to a different number. Calls diverted from your number are included in your allowances where the diverted to number would have ordinarily been included in your allowance. Standard call rates apply to calls diverted to outside of allowance calls.

Calling into CS

You can call into our Customer Services by dialling 150 from your handset or from a UK landline - call 0845 412 5000 (When calling this number from your EE mobile you will be charged EE's Access Charge of 66p per minute plus a service charge of 6p per minute (excl. VAT). When calling from a landline you will be charged this service charge plus the applicable access charge. If you're calling from abroad call +44 7953 966 150.

Group Voice Messaging

Send one voicemail message to up to 20 EE friends at once.

EE Group Call

EE Group Call is a conference call hosting service that enables up to 20 callers to conference into one call.

The group organiser will need to choose a conference ID. This can be any 6-digit number, for improved security we suggest avoiding numbers like 111111 or 123456. Conference ID's can be longer than 6 digits if desired. Participants dial into EE Group call at the agreed date and time of the call and enter the conference ID when prompted. These calls are included as part of your voice allowance.

Text messages to Third Party short codes (Information Services)

Charges are set by and vary depending on the Third-Party service provider and are excluded from allowances and bundles. **Roaming charges may apply.**

How Your Services Are Charged - Data - What do you mean by data usage?

We measure how much data you use in kilobytes (KB). Data is based on the following units:

- 1024 bytes = 1 Kilobyte (KB) (equivalent to reading 2/3 paragraphs of text)
- 1024 KB = 1 Megabyte (MB) (equivalent to about one hour of instant messaging)
- 1024 MB = 1 Gigabyte (GB) (equivalent to about five hours of watching YouTube)

We send data across our network in packets no bigger than 1.5KB. A packet is just a unit of data.

Data usage is all the data that's been sent or received. Upstream is where data is transferred from your device to the internet (uploading). Whereas downstream is from the internet to your device (downloading).

We calculate your data usage based on the amount of data that travels over our network both upstream and downstream, which may be different from the data your device consumes.

Your data usage will also include additional data packets which control the flow of data over the network and may also include data packets which have to be re-sent over the network, for example if you're in an area with poor coverage and your connection drops off.

When content providers state the file size of their content, it may take up a little bit more of your data to download that file. This is because of encryption and addressing data which can be up to 10 per cent of the total file size. For instance, if an image is said to be 100MB, it may take up to 110MB of data to download that file to your device.

1. You will need to sign-up for My EE to access your free on-line bill.

2. The memorable number will remain our property unless a PAC code in relation to the memorable number is issued and used. The memorable number will be allocated to your SIM card. You may not sell or transfer the memorable number to anyone else without our consent. If you do, try to sell or transfer the memorable number without our consent you will lose all rights to use the memorable number and you will not be able to obtain any further memorable numbers from us in future. If you leave EE, you may take your memorable number with you only upon the issue to you of a PAC code. You cannot obtain a memorable number if your account is in arrears. Unless a PAC code has been issued and has been used, upon termination of your service agreement with us for any reason, you will lose all rights to use the memorable number. We can change or withdraw a memorable number if we have a good reason, for instance, a legal reason or where we are required to do so by Ofcom or any other regulatory body. We will endeavour to give you reasonable notice if we have to do this. If you leave EE, or if we change or withdraw your memorable number for any reason, you will not be able to claim a refund of the one-off premium paid to us.

Allowances and options

a) International add-ons give you an allowance to call and text from UK to standard mobile and landline numbers abroad except for calls to premium numbers and satellite.

b) For International add-ons with an option to use allowance while Roaming abroad, inclusive calls and texts are to standard mobile and landline numbers within relevant countries and do not include calls to premium rate, non-geographic or other non-standard numbers which are charged at standard roaming rates.

c) Multiple allowances can be purchased.

d) The allowance(s) will be applied to your account from midnight of the day of your request. The first monthly charge will be pro-rated to the date of your next monthly bill, and thereafter the full monthly charge(s) will be applied on each monthly bill. You will receive the full allowance from the point the allowance is added.

e) Unless we tell you otherwise, your allowance from an add-on will last for 30 days. If you buy a monthly recurring add-on, the monthly charge will continue until you ask our customer service agent to cancel. Remember, if you decide to cancel your add-on you'll have to give us 30 days' notice. The Monthly allowances used are calculated at approximately midnight on the final day of the customers billing cycle.

f) Bill Charges: Total amounts on your bill are rounded to two decimal places, so the value may be a penny higher or lower.

g) Terms apply to International add-ons as set out in the 'Terms Applying to All Subscription Options' section of our price guide. To see these terms, go to business.ee.co.uk/terms, then 'Small Business terms' and then 'EE price guide for Small Business'.

ROAMING SERVICES

Roaming in our Europe Zone

If your plan started before 27 October 2021 or you've taken a Business Connect plan, you can use your minutes, texts, and data allowance when in our European roaming zone at no extra cost.

If your plan started on or after 27 October 2021, there's now a daily charge for using your phone in our Europe Zone. You can use your mobile in our Europe Zone for a fixed daily payment of £2.38. Here's how the charges work:

You don't need to do anything to opt in — if you use your mobile, you'll be charged £2.38 for that day, and if you don't, you won't.

Your allowances work just like at home — and you can buy more data if you need to.

Are there other options to paying a daily roaming charge?

If you have a plan with Inclusive Extras (Smart Plans and Full Works Plans), you've two options. Choose our Roam Abroad Inclusive Extra or take a £11.90 Roam Abroad Monthly Pass at any time and you won't have to pay the £2.38 daily charge in the EU. Roam Abroad Inclusive Extra and £11.90 Roam Abroad Monthly Pass gives you access to use your plan's minutes, texts, and data allowance while in EU, USA, Canada, Mexico, Australia, New Zealand, China & South Africa. So, using your mobile in any of the destinations covered will cost the same as it does at home. You can select the Roam Abroad Inclusive Extra by texting PICK to 150.

What about the Republic of Ireland?

Calls, texts, and data when in the UK and Republic of Ireland are included within your allowance. You can use your minutes & texts when in the UK and Republic of Ireland to call and text customers of UK mobile networks and UK landlines starting with 01, 02 & 03 (mobile and landline numbers to Jersey, Guernsey and Isle of Man not included).

Countries of our Europe Zone

Europe Zone countries: Austria, Azores, Belgium, Bulgaria, Croatia, Cyprus (excludes northern Cyprus), Czech Republic, Canary Islands, Denmark, Estonia, Finland, France, French Guiana, Germany, Gibraltar, Greece, Guadeloupe, Guernsey, Hungary, Iceland, Isle of Man, Italy, Jersey, Latvia, Liechtenstein, Lithuania, Luxembourg, Madeira, Malta, Martinique, Mayotte, Monaco, Netherlands, Norway, Poland, Portugal, Reunion Islands, Romania, San Marino, Saint Martin (French), Saint Barthelemy, Slovakia, Slovenia, Spain, Sweden, Switzerland and the Vatican City (Italy).

Calling and texting while travelling abroad

When you run out of your allowance, it costs the same to call and text within our Europe Roaming Zone (and back to the UK) as it does in the UK. Other charges apply for calling and texting from our Europe Zone to countries outside our Europe Zone (see below for details of these charges). Note that calls and texts to non-standard numbers (e.g. premium, non-geographic, directory enquires. etc.) might not be available in some countries. Any undelivered text messages will be charged at the standard rate for your price plan.

All prices listed in this table are charged per minute or per message and excl. VAT.

1. Valid until the end of your billing cycle. Any remaining allowance in your tariff plan will be used first. The cost will appear in your next bill. When you run out of data allowance, data add-ons may be purchased via your device. Any data add-ons added part way through your billing cycle will be charged at the full price and will give you the full allowance from the point the data add-on is added. Any unused data will be lost at the end of your billing cycle.
2. Available on selected pay monthly plans. Allowances last until end of current bill cycle or until used up, whichever comes first. These automatically renew on your next bill date unless you cancel. Text STOP and the name of your add-on (e.g. STOP 1GB ADD-ON) to 150 at any time and it won't restart on your bill date. Cost of the add-on is added to your next bill, then each month until you cancel. The monthly cost of the add-on is NOT pro-rated. Unused data does not roll over. Any data add-on allowance (except for unlimited, see below) will be added to the giftable allowance.
3. Available on selected pay monthly plans. These last 30 days and automatically restart on your next bill date unless you cancel. Text STOP and the name of your add-on (e.g. STOP UNLIMITED ADD-ON) to 150 at any time and it won't restart on your bill date. Cost of the add-on is added to your next bill, then each month until you cancel. The monthly cost of the add-on is NOT pro-rated. 50GB fair use policy applies outside UK.
4. These add-ons have a set duration of either 24 hours or 7 days. The time starts the moment you buy it. Any remaining allowance data will be used first. The cost will appear on your next bill. Data in these passes can't be gifted. These passes will remain in your account until the end of the duration.
5. Picture Message add-on: you will be charged the full charge if you send a Picture Message and thereafter you will have unlimited usage for the remainder of your billing cycle.
6. If you add this add-on part way through your billing cycle you will be charged at a pro-rated rate until the start of your next billing cycle, but you will receive the full allowance from the point the bundle is added. The allowances will be provided on a recurring 30-day basis (unless otherwise stated) until removed from your account.
7. Monthly recurring add-on that enables access to use domestic plan's minutes, texts, and data allowance whilst roaming in the Europe Zone (see above 'Calling and texting while travelling abroad' for Europe Zone country details) and 7 Rest of the World destinations: USA, Canada, Mexico, Australia, New Zealand, China and South Africa. Could be removed after first 30 days.

Allowances and options

- a) Inclusive calls are to standard mobile and landline numbers within relevant countries and do not include calls to premium rate, non-geographic or other non-standard numbers which are charged at standard roaming rates.
- b) Multiple allowances can be purchased.
- c) The allowance(s) will be applied to your account from midnight of the day of your request. The first monthly charge will be pro-rated to the date of your next monthly bill, and thereafter the full monthly charge(s) will be applied on each monthly bill. You will receive the full allowance from the point the allowance is added.
- d) Unless we tell you otherwise, your allowance from an add-on will last for 30 days. If you buy a monthly recurring add-on, the monthly charge will continue until you ask our customer service agent to cancel. Remember, if you decide to cancel your add-on you'll have to give us 30 days' notice. The Monthly allowances used are calculated at approximately midnight on the final day of the customers billing cycle.
- e) Bill Charges: Total amounts on your bill are rounded to two decimal places, so the value may be a penny higher or lower.
